## EXCURSIONS:

### #2 RIVER TUBING

Leaving the house at 10am, returning at approx. 4pm.

Minimum 4 people. Cost per person: **\$ 115.00.**

You will take a leisurely float with a guide down the Pagua River on inner tubes provided by us. There are deeper areas where you can swim in the clear, warm water, and lounge on the river shores next to beautiful jungle foliage. It's truly a beautiful, leisurely tour ... very relaxing, full of many memorable picture opportunities. It takes about 1.5 to 2 hours if you are taking your time. Which we suggest you do! Enjoy swimming in places along the river like Mermaid Pool. You will be picked up at the end of the tubing and given the choice of going to a local restaurant, or returning to the house.

\*\* An option to add onto this excursion is to visit Soma Garden. This is an exotic fruit farm where you will be taken on a guided tour to learn all about the fascinating production of exotic fruits. You will also be able to sample some seasonal delights as well.

\*\* This add on must be organized well in advance, as the farm is not always open for tours as it is a working farm. Please advise Sheila so that she can contact the farm in advance of your excursion date.

### #4 HOT SPRINGS DAY AND COLD WATER LAKE

Upon leaving the hotspings, we will take a scenic drive up to FreshWater Lake. This is a serene and very quiet area set high up in the mountains, nestled in the Morne Trois Petons national park, at an elevation of 2,500 hundred feet.

# #5 INDIAN RIVER PADDLE AND PORTS MOUTH BEACH

Leaving the house at 9am, returning at 4-5pm, traveling to Portsmouth approx.45 mins away. Minimum 4 people.

Cost per person: **\$ 125.00.**

Take a guided tour up the Indian River taking in a Pirates of the Caribbean movie set, (sounds hoaky, but its actually really interesting!) as well as learning all about the local flora and fauna. There are no gas powered motors allowed along the river. Your guide will paddle you along the clear river waters, all the while sharing with you local history as well as informing you how the river impacts current inhabitants. You may be able to get a local "jelly" which is a very young coconut freshly harvested ... drink the nourishing coconut water and scoop out the coconut jelly.

Very much like a custard, and extremely nutritious. The paddle ends at a tropical bar and garden, where you can relax and enjoy a rum punch or beer, or not! and tour the gardens. Upon returning to the dock, you will be picked up and driven to the Ports Mouth Beach. There you can swim in the Caribbean, and enjoy good local food. Your return will be via the scenic North Country, where you can stop at some truly breath taking vistas of Dominica's mountains and Atlantic shoreline.

### KEEPING IN MIND:

Dominica may be a small island, but travel times through the mountains can eat up a lot of your day.

### A SUGGESTION:

if you don't already have the app :WhatsApp, download it before you arrive on Dominica. This is the preferred method of communication on the island.

### REMINDER:

Here on Dominica there are: no poisonous animals or insects, or dangerous fresh water critters. Kinda makes life a lot less stressful ...
